The two men who have stood together during the last two years in one crisis after another rose to their feet simultaneously and clasped hands.

"God Bless You," They Exclaim. "God bless you," said each, as their hands touched. Mr. Bryan then gave another grip to the President's hand and left the White House.

Timulty, walked, down the steps. Waiting near the steps were a woman and two small children. Mr. Bryan shook hands with all three. On the way from the White House to the executive offices the former Secretary of State and Mr. Tumulty walked arm in arm, talking confidentially.

As Mr. Bryan walked from the White House he was met by J. Jusserand, the French ambassador, and Col. Vignal, the new military attache of the French embassy, who were calling to pay their respects to the President.

While the colonel, in the dress uniform of the French army, stood at salute, the ambassador advanced quickly and shook hands warmly with Mr. Bryan.

As to Mr. McAdoo it is pointed out that he is essentially a business man, direct and forceful and that he has no love for the frills and trimmings that go with the position of premier of the cabinet.

Secretaries Garrison and Houston are, in the order named, discussed, but both are poor men financially and the honor of being Secretary of State costs about \$25,000 a year at a minimum reckoning. This is double the salary.

Among the seventy-five additional talesmen drawn to complete the jury panel was Benjamin Woodruff, cold partner with Mr. Henry in the broker age firm at the time of its failure last November. Mr. Woodruff was in attendance in court in obedience to the subpoena, but was accompanied by his attorney. R. Golden Donaldson. An agreement was quickly reached that Mr. Woodruff's name should be stricken from the list of prospective jurors and that it would not be necessary even to examine him as to his qualifications to sit on the jury.

A member of the National Guard was also on the list of talesmen, and when called presented the plea that Congress had excused all officers and enlisted men of that organization from jury service. The court read the provision of the law and excused the talesman.

The first clash between counsel occurred this morning, when the first of the seventy-five additional talesmen was called to a seat in the jury box. The defense had exercised a challenge just before the adjournment yesterday and claimed that it was the turn of the government either to announce itself content with the jury or to exercise another of its challenges. United States Attorney Laskey claimed that the defense had used only three challenges, while the government had exercised seven, and urged that the defense should be required to excuse four more jurors or express its content with the jury as empaneled before the government may be required to exercise another challenge.

Secretary Daniels today broadened the scope of the court of inquiry now sitting at the Naval Academy so that its report will include a summary of methods employed in safeguarding examination questions, the means employed in placing responsibility in case of their loss, as well as recomenda-

It has been established by the testimony that there is no definite system of preparing or guarding examination questions at the Naval Academy; that the head of each department attended to these matters, and in different ways, and that a considerable number of persons are in possession of the questions for a period of some length before the examination.
